

Flood Problem Given To Township C. of C.

Effective control along Alameda Creek apparently will be a long, drawn-out process, it was indicated at a meeting Monday evening at the County Building near Centerville. The meeting had been called by the Alameda County Water District directors in response to a petition of 175 land owners whose property is in the flood area.

Only result of the meeting, which was attended by 50 persons, was to place the problem of guiding and co-ordinating flood control efforts in the hands of the Washington Township Chamber of Commerce.

It was pointed out by President W. D. Patterson of the water district that the district cannot operate in flood control matters entirely in the field of water conservation.

First efforts toward correction of flooding must be undertaken by land owners themselves, it appeared. Formation of a zone under the Alameda County Flood Control District (Zone 5) cannot be accomplished for another year, and no projects undertaken for approximately another year.

It is possible that the Army Engineers may be able to allow a small sum this year for flood-control efforts along the creek.

However, a permanent and adequate program by Army Engineers, provided Congress approves appropriations, will take seven to eight years, it was indicated.

President Bruce Michael of the township Chamber of Commerce has appointed H. T. Granger and Jesse Perry to comprise a committee to work on flood control problems. Michael stated that every effort will be made to encourage land-owners to improve levees to prevent flooding.

Michael also stated that the township chamber will do its utmost to hasten the formation of Zone 5 of the county flood control district and will support adoption and financing by Congress of the Army Engineers over-all long-range program.

W. D. Patterson and the Leslie Salt Company have agreed to allow a flood channel through their property to San Francisco Bay.

Among those attending Monday's meeting were directors of the Alameda County Water District: Jack Prouty, M. J. Bernardo, Louis Amaral and Dr. E. M. Grimmer; Herbert Crowle, engineer for the Alameda County Flood Control and Water Conservation District; and Supervisor Chester E. Stanley.

MYSTERY MAN WAS CITIZEN IN 1937

A man came into The Register office this week, brimming with enthusiasm. "I think last week's mystery man was Joe Adams," he confided.

He was right. It was. If this man had looked through the pages of that Register, he would have found the answer and known that he had guessed correctly.

In the event that you can't solve the identity of our mystery man of the week from the clues below, turn through the pages of this issue. You will find the answer.

He was born in Germany.

During World War I he lived in Hamburg but "didn't know there was a war going on."

He went to elementary school and high school in Germany.

He came to America in 1923, and finished his high school career in Iowa, learning the English language along with the rest of the studies. "There are lots of German people in Iowa," he said, "so I could make myself understood even though at first I didn't speak English."

He went to Omaha University and studied electrical engineering. For ten years he was connected with the Iowa School for the Deaf at Council Bluffs as assistant chief engineer. During this time he learned the sign language used by the deaf and dumb, and is still able to use it.

He came to California in 1940 and worked for the United States government—during World War II—as an instructor in electrical training. After that he worked for the James Graham Company in Newark.

He was married in 1930. The best thing that ever happened to him, he says, was when he received his citizenship papers in 1937.

He is a business man in the township, is past-president of one of our Chambers of Commerce, is a Rotarian, and a member of the Shrine Club.

GUESS WHO!

Retiring president is Judge E. A. Quaresma, who has headed the group for the past two years.

Elected to the vice-presidency was Clifford Dennis, manager of the Citizens Utilities Corporation. Vernon Ellsworth will continue as secretary and Robert Blacow as treasurer.

DOG LICENSES ARE AVAILABLE HERE

Owners of dogs in the unincorporated areas of Alameda County must secure a license for their animals. The dog licenses are available at various fire houses throughout the county.

Law enforcement officer Charles Baird of Livermore is cooperating with various communities in providing the required license tags.

Headed by the Society for the Prevention of Cruelty to Animals, the licensing of dogs is sponsored with the cooperation of the Alameda County Cattle Breeders' Association.

Many calves are killed each year by droves of wild dogs that cover a wide range in the most remote sections of the county.

Boy Scouts Observe 42nd Birthday

Official Boy Scout Week Poster

President Truman will greet 12 outstanding Boy Scouts in the White House during Boy Scout Week, Feb. 6 to 12, marking the 42nd anniversary of the Boy Scouts of America. Boy Scout Week will be observed throughout the nation by more than 2,900,000 boys and adult leaders. Since 1910, more than 19,000,000 boys and men have been members of the organization. "Forward on Liberty's Team" is the birthday theme.

SCOUTS OF TOWNSHIP PROVE SKILLS AS 'SCOUT WEEK' IS OBSERVED HERE

Washington Township is observing Boy Scout Week (February 6-12) with many activities throughout the area.

Yesterday noon the Niles Rotary Club was host to Scout executives, with Homer J. Beemis of the Oakland Area Council as speaker. He was introduced by Judge Allen G. Norris, president of the area board of directors. Wallace Pond, Irvington Scout commissioner, was program chairman. Present were Andy Anderson, district executive; Fred Duffie, Niles commissioner, and Frank Lucas of Pleasanton, district chairman.

In Newark, Troop 1, under the leadership of E. Maughn, will camp tonight on the lot between Katherine's Bakery and the barber shop. Tomorrow they will march to the Newark School, where they will exhibit Scout craft, in the

court yard. The public is invited to the display, which will include demonstrations in first aid, fire-building, and other Scout skills.

In Irvington, there is a camp display in the park which will continue through tomorrow. A demonstration in cooking will be given under the leadership of William Maloney.

All Scouts and Cubs of the township will go to various churches Sunday in full uniform.

During Scout Week, at an unspecified time, there will be a two-point mobilization of Scouts. This will be a demonstration of the ability of Scouts to perform their duties in an emergency and to co-ordinate their work with the civil defense program.

Scouts also will conduct a door-to-door canvass with pledge cards for the benefit of the Red Cross blood procurement program.

DECOTO GIRL HURT IN AUTO ACCIDENT

Patricia O'Malia, 16, daughter of Mr. and Mrs. Charles O'Malia of Railroad Avenue, Decoto, was injured last Saturday evening when she was struck by a car and dragged along the Niles Highway.

She is reported in fairly good condition at the Permanente Hospital where she was transferred after a checkup of injuries at the Fairmont Hospital.

Her injuries, according to attendants at the Fairmont Hospital, were a compound fracture and a deep laceration of the left lower leg and bruises on the right knee.

Driver of the car that struck Patricia was Morrison Green, 42, of Niles.

She was standing in front of a bus with four or five other people, witnesses said, when she dashed across the highway and into the path of the automobile. Green was reported to have jammed on his brakes and pulled into the center lane. The right front fender of his car struck her, tossing her up on to the hood of the car. R. C. Scheffler and J. Lewis, highway patrolmen who investigated the accident, found Green's car parked facing northwest on the east side of the Niles Road near G Street in Decoto.

The car was damaged on the right front side of the grill and hood, and there was a scratch on the bumper.

Bloodspots were found in the north bound lane approximately 60 feet from the cross-walk

WANT BLOCK WARDENS

NILES MERCHANTS BAND TOGETHER TO BOOST SALES

Niles merchants this week banded together in an organization which, according to sentiment from one end of First Street to the other, appears to be "just what the town has needed for a long, long time."

Twenty-four business men breakfasted at Nello's at 7 o'clock Tuesday morning and over their coffee cups launched the Niles Merchants Association.

The new group is a child of the Niles Chamber of Commerce, which took the view two weeks ago that "if they can't come to a noon meeting, maybe we can get them out to a breakfast meeting." And the idea worked. E. C. Parks, Walter Chrysler and Jerry Sletten had been delegated to get the new organization started.

As the business men ate ham and eggs Tuesday morning, E. C. Parks, who served as chairman, explained the objectives of the new group.

"We can do a collective job which is very difficult for us to do as individuals," he said. "We can increase retail business in Niles. We can plan shopping events that will bring new customers into our local stores. Advertising and promotion can be handled on a larger and more effective scale, and increased sales will result for all of our business establishments."

He explained the first venture into business promotion by the association. It will be "Hillview Crest Day" on Saturday, February 16.

Hillview shoppers will be invited to come to Niles on that day to take advantage of bargains to be offered by all stores. The event will be publicized by advertising in The Register, by circulars and by sound truck.

President H. D. Gaeta of Peerless Stages has offered the use of a bus on that day, which will carry shoppers from Hillview to Niles and home again free of charge.

Bill Helm of the Niles Theater has agreed to stage a kiddie matinee in the afternoon—just for the children of Hillview.

There may even be a band on the streets—if Walter Chrysler's efforts to obtain one meet with success.

Plans, according to the committee in charge, are proceeding smoothly and rapidly.

And you hear it more and more along First Street—"something like this is just what the town has needed for a long, long time."

3 COMMISSIONERS FILE FOR OFFICE

Three incumbent fire commissioners in Washington Township have filed for re-election this year. In Niles, Leon Solon, who has served as commissioner for 16 years is again seeking office. J. D. Silva is running again for the post in the Newark Fire District, having been in office since 1916, when he became one of the original commissioners of the district. A. A. Amaral of Decoto has filed for re-election. He has been a commissioner since 1925, when the district was formed.

The elections for the three districts are set for April 7, polling places to be the respective fire houses. However, if there is no contest for office, the election will not be held.

The other fire districts of Washington Township are administered by commissioners who are appointed by the County Board of Supervisors.

AT VETERINARY SCHOOL

Dr. J. M. Hicks, 1230 Morrison Avenue, Niles, attended the three-day mid-winter conference of the California State Medical Association at the School of Veterinary Medicine, Davis, last week.

IT'S TRUE! REGISTER IS ON TV

The Register office was besieged with phone calls last Wednesday afternoon from television fans exclaiming excitedly, "Did you see Ralph Edwards' program this noon? He mentioned The Township Register!"

Upon further inquiry, the Register learned—much to the delight of its owners—that this was no gag. The Register actually had been mentioned by Ralph Edwards from his Hollywood TV studio.

Apparently a local Register reader had sent him a copy of a recent Register, pointing out particularly a story on the front page telling of the fine response of blood donors in our community.

The Register is very proud—proud that the paper got a plug from a big TV program, proud that Washington Township got a plug, proud of a reader who apparently is "sold" on her hometown paper, and, above all, proud that our community achieved sudden fame for a project as worthy as the blood donor program.

\$2½ MILLION BRICK PLANT UNDER WAY NEAR NEWARK

Construction on a \$2,500,000 magnesite brick and cement plant is under way in Newark and will be completed late this year, C. P. Howard, chairman of the Alameda County New Industries Committee of the Oakland Chamber of Commerce, announced this week.

When in operation the plant will provide employment for up to 100 men, Howard said.

The plant will be operated by the E. J. Lavino Company of Philadelphia. Negotiations were under way for several months.

The plant, which is being built of steel and asbestos roof and siding, will provide 89,500 square feet of floor space, according to word received by Howard from George B. Gold, vice-president of the national manufacturing firm.

Lauren W. Kanninen has been named plant manager.

Basic refractory chrome and magnesite brick and high temperature cement will be manufactured at the Newark plant for distribution to the western market, Howard reported. The plant will be served by a Southern Pacific railroad spur.

NEW FIREHOUSE FOR MISSION IN A YEAR

Plans for a new \$20,000 firehouse in Mission San Jose were revealed this week by the members of the fire commission.

The former Steinmetz property, a 60x120-foot lot at the corner of Ellsworth and Vine, has been sold to the commission for \$1500.

Although construction of the building won't begin immediately, the commissioners hope to have it under way by another year. There is already \$18,000 in the treasury, but the commissioners want to increase that amount by at least \$2,000 before calling in an architect.

Members of the fire commission are: Lawrence Rogers, Cy Solon, Joe Perreira, Frank Vargas and John Amaral.

IRVINGTON CHAMBER NAMES CONNOLLY

Walter Connolly was nominated for president of the Irvington Chamber of Commerce at the regular weekly luncheon meeting in Roethlin's Cafe Tuesday. W. R. Pond was named first vice-president and A. E. "Tony" Alameda, second vice-president.

In elections to be held next Tuesday, three directors will be named from the following four names submitted by the nominating committee: Allan Hirsch, Jack Prouty, Edward L. Rose and Carl Christensen.

Dr. E. M. Grimmer presided.

CIVIL DEFENSE WARDEN TRAINING CLASSES SET

With a 25-person minimum for each class as the requirement, Washington Township civil defense leaders are intensifying their recruitment of volunteers for warden training classes in each of the area's ten communities.

Alameda County Sheriff H. P. Gleason has announced that Washington Township's civil defense warden training program opens February 25 in Alvarado.

The complete schedule is as follows: Newark, Feb. 26; Centerville, Feb. 27; Decoto, Feb. 28; Hillview Crest, Feb. 29; Niles, March 3; Irvington, March 4; Warm Springs, March 5; Mission San Jose, March 6; and Alviso, March 7.

Classes cannot be instituted without the 25 minimum, according to Washington Township Civil Defense Director Bruce Michael of Warm Springs and his assistant, Mrs. Lewis Adams of Irvington. This was decided following a conference with Sheriff's Lt. Stanley N. Petersen, assistant civil defense director for Alameda County.

Township civil defense directors will confer on campaign progress at a meeting February 13 called by Michaels at the new county building, Niles-Centerville Road, at 8 p.m.

Instruction will be by sheriff's officers and deputies holding adult education teaching credentials who have been briefed in a special warden training course at Santa Rita Rehabilitation Center conducted by Petersen and Sheriff's Lt. Floyd N. Heffron, department training officer.

Both men and women are urged to volunteer for the vital warden service, which has been called "the lifeblood of the entire civil defense program" by defense leaders.

Recruitment directors in the various township communities are Michael and Mrs. Adams, campaign chairmen, assisted by: Lee Williams and Loren Marriott, Centerville; J. A. Rakekin and Walter Oakey, Alvarado; Louis Amaral and Frank Faria, Newark; Henry Grundbrecher, Decoto; Gus Robertson and Wallace Pond, Irvington; V. O. Kaehler and Paul Gygax Jr., Newark; Bain Leask and Mrs. Gertrude Enos, Niles; Leo Dennie and Thomas P. Cunha, Mission San Jose, and Charles Venturi and Richard Johnson Jr., Warm Springs.

CHEST ALLOCATIONS DUE FEBRUARY 18

Allocations to participating agencies of the Washington Township Community Chest will be delayed pending reapportionment of the budget, Bruce Michael, Chest president, announced following a directors' meeting this week.

At a meeting February 18, the directors will allocate available funds to Girl Scouts, Boy Scouts, U.S.O., Salvation Army, Travelers Aid and local youth centers.

Jackie received his greetings from Uncle Sam and reported for his physical Wednesday. They will spend the week here with their families and will return to Pomona Saturday.

PROUD OWNERS

Mr. and Mrs. Gene Olwell are another couple that have made themselves proud by the purchase of a home. Their home is in Atherton.

UNEXPECTED TROUBLE

The unexpected usually happens as it was in the case of Mr. and Mrs. A. Schneider, Charlie, Regina and Rosemary, when they decided to visit friends in Manteca. It seems they acquired auto trouble in Livermore and were forced to come back home.

NOVELTIES

Not only did Richard Meyers enjoy purchasing novelties in Chinatown for his employer, Miss Olive Hyde, who is the owner of the Mission Gift Shop, but found quite a novelty in browsing through the various famous picturesque Chinatown buildings in San Francisco.

HAPPY BIRTHDAY

I almost forgot to wish a happy birthday to Dorothy Rodrigues who celebrated her birthday on February 3.

POLIO MARCH HERE IS BIG SUCCESS

Washington Township sparkled like the Great White Way last Thursday night when porch-lights blinked out welcomes to dozens of Township P.T.A. mothers out canvassing for the polio fund.

In that one evening the mothers collected a total of over \$2,000, an impressive increase over last year's \$900. This was the report of Mrs. Gerald Rehrig, township chairman in which seven P.T.A. units and two mothers' clubs participated.

Township residents dropped everything from ten-cent pieces to twenty-dollar bills into the envelopes that were held out to them by the mothers who rang door bells. "We didn't ask for any specified amount," said one mother. "Nor did we use any pressure on them to induce them to give more. We felt that every family which had a porch-light burning was the sort of family to give as generously as possible—and they did."

The total of \$2,057.72 includes: Washington Union High School and Centerville Grammar School P.T.A.'s, \$395.83; Newark P.T.A., \$189.15; Irvington P.T.A., \$338.63; Decoto P.T.A., \$318.50; Niles P.T.A., \$493.61; Warm Springs P.T.A., \$104; Alvarado Mothers' Club, \$25.87, and Mission San Jose Mothers' Club, \$161.85.

REBEKAH NEWS

Anna Bradford, installing officer for the late Olive M. Pugmire, district deputy president of District No. 53, I.O.O.F., journeyed to Livermore Wednesday evening to install officers of Livermore Rebekah Lodge who were not able to be present on the regular night of installation. She was accompanied by Anna Van Buskirk, deputy marshal, and some of the Silver Star members.

Mrs. Anna Bradford will soon receive an appointment from Jennie Mae Annin, president of the Rebekah Assembly, authorizing her to finish out the term as district deputy president for District 53.

A group of members from Silver Star and Mission Peak Lodge of Irvington are sponsoring a Leap Year dance to be held February 29 in Irvington. Friends of both Lodges are particularly invited to attend, and all guests will be welcome.

KNIGHTS OF PYTHIAS INITIATE NEW MEMBERS

The Knights of Pythias Lodge No. 170 initiated Ralph Runolfson and Jesse Simms into the Esquire Rank of the Lodge at its meeting in the Youth Center last Wednesday night. They were assisted in the rituals by Knights from several of the Oakland area lodges.

ADMIRAL'S WIFE IN TOWNSHIP, SPEAKS ON CANCER CONTROL

They say that every successful man can attribute a great share of his success to a devoted, understanding, and sympathetic wife at his side.

An instance of this came to light in Washington Township this week when Mrs. Chester W. Nimitz came here to speak before a representative group of women on the forthcoming cancer drive, at a meeting held at the county building on Fremont Avenue last Wednesday afternoon.

Everyone who met this dynamic little woman was impressed with her vitality, her charm, her indomitable will, and, above all, her optimism. Surely she must have been a source of inspiration

a great many times to her husband, the great admiral, during his long career in the Navy.

LEADS COUNTY BRANCH

"I accepted the position of commander—that's an impressive word that I hesitate to use—" she laughed, "of the Alameda County branch of the American Cancer Society, first, because I have been tremendously interested in cancer ever since my own sister had the disease (and was cured), and second, because I am so keenly aware of the tremendous strides that can be made in combatting this disease simply by educating the people in the control of cancer."

"The program of education of the public to the dangers of cancer

and to the importance of early diagnosis is the greatest value," she continued. "It is this program that I ask your aid in furthering. Your community is some distance from the city and therefore may not have as much attention paid to it in education to combat cancer. There is so much that can be done to awaken people to the danger of overlooking signals that are the forerunners of cancer."

INTRODUCED BY PARRY

Mrs. Nimitz was introduced to the women present by Jack Parry, last year's head of the cancer drive in Washington Township. She paid the highest tribute to Mr. Parry, saying "I am so sorry that he will not be able to head the

cancer drive here this April. He did a marvelous job last year."

The enthusiastic little woman—no drive could be a failure with her at the helm, for her enthusiasm is contagious—reported that while the American Cancer Society can not give direct financial aid to the cancer victim (25 per cent of cancer funds go to research), it can provide free consultation service, and sick room supplies, and if financial aid is necessary it can generally be sought from the county.

Those in Washington Township seeking assistance can go to the Alameda County Branch of the Society at 3031 Telegraph Avenue, Oakland, where the service committee will determine the need, and will subsequently give assistance. Mrs. Nimitz closed her talk

VALENTINE PARTY AT IRVINGTON YOUTH CENTER

The sponsors of the Irvington Youth Center are inviting the teen-agers of the township to attend a Valentine's party to be held at the youth center at the school. The affair will be held on Wednesday, February 13.

Games and dancing will be the order of the evening, with Gus Robertson and George Scamman in charge.

By expressing the hope that the township would form a unit of its own, in order to better lend assistance to cancer victims in this area and to better distribute literature on the control and education of cancer.

Smith, William Marlin, Leroy Brown, and Frank X. Veit. A dinner will be a feature of the meeting. James Clifford, Alameda County building superintendent, who is ex-officio member of the commission, will be among the guests.

Speaker of the evening will be Richard H. Chamberlain, chief assistant district attorney of Alameda County, member of the Piedmont Memorial Building advisory commission and a past department commander of the American Legion for California.

DEVELOPER TO TELL OF MISSION PLANS

Charles A. Russell of Niles, president of the Russell Development Company, will be the guest speaker at next Monday's meeting of the Mission San Jose Chamber of Commerce.

Russell, who recently purchased the Dutra property in the Mission, will tell of his plans for subdividing the property—comprised of approximately 40 acres—and will discuss in detail the architecture, size, and other pertinent facts pertaining to the homes he expects to start building this spring.

Russell who, incidentally, spent his boyhood in and around Irvington, has climbed the ladder of success in the development field. He is one of the largest developers in the bay area and is presently on the verge of completing an immense project around Vallejo.

The meeting will be held at the Mission School, and is open to the public. It starts at 8 p.m.

HEART FUND DRIVE IN FULL SWING

Red heart-shaped containers throughout Washington Township this week gave evidence that the 1952 Heart Fund drive of the Alameda County Heart Association is under way. The campaign will continue throughout February.

The Alameda County Heart Association is the only local voluntary health agency through which the public can make effective contributions to the control of heart disease. Money is needed for the support of research and for a continuing educational program.

Local chairmen of the Heart Fund are: R. A. Blacow, Niles; J. A. Buchen, Newark; Carl Christensen, Irvington; Warren Gravestock, Centerville (who is being assisted by Fire Chief Frank Madrugra and the Centerville firemen).

NILES YOUTH AGAIN IS BEST SPEAKER

Larry Lamoreux of Niles repeated his victory of last year to take top place again in the Future Farmers speaking contest at Washington Union High School.

Second place in the contest, held Tuesday morning, was taken by Leroy Brown of Newark. Two contestants tied for the third position: Kiyoshi Katsumoto of Decoto and Ernest Kinzley of Mission San Jose.

Judges of the contest were Miss Grace Knoles, Jud Taylor and Don Wolfe. Albert Carter is director of the agriculture department at the high school.

TWO FACE CHARGES ON MARIJUANA DEAL

Joe Manuel Jr., 19, Oakland, and Frank Flores, 41, an itinerant, pleaded innocent to a charge of possession of marijuana and will be given a preliminary hearing before Judge Allen G. Norris at the Justice Court on Fremont Avenue, today at 1:30.

The two were picked up by sheriff's deputies at Alvarado on January 10. They are in custody in lieu of \$1000 bail each.

The Colorado River has an annual flow of 16,000,000 acre feet.

The garlic growers of California are in an uproar. This is the most upsetting news I have heard this week. I mean, my life practically revolves around garlic. Without garlic-bread, why would anyone want to live?

You can see that I'm concerned then over the troubles to the garlic growers. The garlic industry, it seems, is being put out of business by foreign imports that enter this country under fantastically low tariffs. The California garlic growers want to raise the import duty on garlic from three-fourths of a cent per net pound to four cents a pound. The foreign producers are able now to bring their garlic into the United States for less than California farmers can grow it.

I say, down with foreign garlic! What's the matter with our own garlic?

(There's a chance for a pun here. But I'll let some of you wits figure it out.)

A PREDICAMENT

Most housewives, I have noticed, when they lay in a supply of groceries, generally go in for the staples, such as sugar, flour, and other dull items. They feel that housekeeping would collapse if they didn't have a good supply of these things on hand.

Somewhere along the line in my housekeeping career, I veered to the left, so to speak. I don't lay in a supply of flour and salt and rolled oats. But when I see cans of mushrooms on a grocery shelf—or cans of dog food—I just can't resist them.

My line of reasoning seems to be like this: mushrooms are nice to have on the shelves. They always come in handy. You can always dress up a mediocre dish with a can of mushrooms. I'd better buy a can of mushrooms just to be safe.

With dog food it goes like this: Now what if we should run out of dog food? Dogs are helpless. It isn't right to be so thoughtless of a poor dumb creature. They can't just hop in a car and go out and buy a Hershey bar when they get hungry. They need food at all times. I will buy three cans of dog food because they are three for 27 cents. No I'd better take six. You never know.

I come home from my shopping spree with 12 cans of dog food, and six cans of mushrooms. The family looks expectantly into the shopping bag. When they ask, "What are we going to have for dinner?" I don't know what to tell them.

The trouble is, my shelves are now crammed full of mushrooms, and I don't know what to do about it. My line of reasoning goes like this: Mushrooms would go nice on those hamburger patties tonight. No, I'd better save them until we have a sirloin steak.

When we finally do get a sirloin steak, I say to myself, "Well, we paid so much for that steak, it would be silly to open a can of mushrooms. By doing that we make our meal just that much more expensive. I'll just save the mushrooms for a casserole dish."

You guessed it! When I fix a casserole dish I decide that nobody would miss the mushrooms and why put them in a lot of goo, causing them to lose their identity.

It is getting so that when the boys come home from school for a snack, it's a choice between mushrooms or dog food.

Believe me, I'm in constant mental conflict over this mushroom situation. Has anyone any suggestions?

JAPANESE CLUB PLANS MEETING

The Southern Alameda and Eden Township chapters will co-host this affair which will be held at the I.D.E.S. Hall in Hayward.

Highlights of the afternoon will be the "Coffee Hour" when a fashion show will be featured. A preview of spring and summer clothes will be modeled. "On to San Francisco" will be the theme.

The television program, featuring beauty and style hints for women, is shown two or three times a week. Each week a prize is awarded to the writer of the winning letter.

It comes as no surprise to her friends that Mrs. Korell is a winner. She is the instructor for a local charm school for teen-age girls, and is well versed in what the "well-dressed woman should wear."

Blind Date Leads To the Altar

A blind date two months ago led to wedding bells last Saturday for Shirley May Neighbors of Niles and Staff Sgt. George Joseph Tipping of Camp Parks Air Force Base at Pleasanton.

The ceremony was performed at the Niles Congregational Church by the Rev. Paul Focht. Nuptial music was played by Mrs. Stephen Graves.

The bride, given away by her father, Calvin E. Neighbors of Alameda, chose a beige gabardine suit for her wedding, with blue accessories. She carried a Bible, with orchid marker and streamers of carnations. Her sister, Mrs. Barbara Day of San Francisco, was her only attendant. She wore a pink suit and carried a bouquet of carnations of matching pink.

Mrs. Helen Oliver, the bride's grandmother with whom she has made her home in Niles, wore a blue lace dress, and her corsage was of baby orchids.

Sgt. William Cone of the air base was the best man.

The new Mrs. Tipping is a graduate of Washington High, and is a member of Theta Rho Girls Club. Her husband is the son of Mr. and Mrs. George Tipping of Jacksonville, Florida. He will be released from the Air Force in August of this year.

The couple, following a honeymoon at an undisclosed destination, will make their home at 2054 Cambridge Avenue, Hayward.

Corporal Cardenas To Go Overseas

Home on a 16-day leave is Corporal Tom Cardenas, who has been stationed at Camp Roberts. The corporal, former Centerville bank employee, will soon be enroute to Ft. Lawton, Seattle, awaiting overseas duty.

His wife, who has been living in Paso Robles, will now make her home in Berkeley. She is the former Beverly Bennett.

Former Connecticut Man Is Booster for Niles

One of Niles' biggest boosters, in the short time he has lived here, is Sam Di Persio.

Sam—as he likes to be called—came to California two years ago to attend the Shriners Convention in Los Angeles, and has never returned to his home at Meriden, Connecticut! He took a job at Decoto at the Masonic Home, and then sent for his wife and two children, Betty, 7, and Micky, 13.

Now they are living in the George Keeman place on Old Niles Canyon Road, and are as enthusiastic about California—and Niles—as any native son. "The weather here is wonderful, even with all the rain," said Sam. "No more shoveling snow, no below zero weather—we love it!"

Formerly a chef, Sam is now working at the Caterpillar plant in San Leandro. But his real interest lies in cooking—"a real Italian dinner." At one time, when the family lived in New Haven, Conn., Sam operated his own restaurant, and some day—"when my nineteen year old son comes out from Connecticut to help"—he would like to open up a restaurant in this area.

Leaves for Army

Irving Alameda, son of Mr. and Mrs. A. E. Alameda of Irvington, will leave Monday to don Uncle Sam's Army togs. It is not known yet to which base he will be sent, but his family expects that he will probably be put into communications, as he has been working for the telephone company.

The Alamedas have two other sons in the service, Melford, in Japan, and Harold in Germany.

Irving's wife will remain here temporarily, pending the possibility that she may be able to move near his base.

Move to Hillview

Mrs. Flora Conner, Niles school teacher, and her son, John, are now happily established in a new home in the township's newest community, Hillview Crest. The Conners formerly lived in an apartment in Niles.

Irvington Serviceman Week-Ends in Greece

One of the recent letters that Cpl. Harold Alameda of Irvington sent home from Germany tells of his visit to a friend's home in Athens, Greece. Now stationed with the 86th Medical Corps in Frankfurt, Germany, Harold was invited to the home of a lieutenant who is in the American Army but whose family lives in Greece. The lieutenant arranged for transportation on an Air Force Transport.

The trip home for the lieutenant was in the nature of a reunion as he hadn't seen his family in six years. For Harold it was "like stepping into the pages of his high school history book." On sight seeing tours Harold was able to take many fine pictures. On one trip to a cathedral high on a mountain, Harold said that he felt the closest he had ever felt to heaven as it took him forty-five minutes to climb the stairs.

One advantage of being based in central Europe, Harold finds, is the ability to take week-end passes to visit outstanding places. Next time Harold is looking forward to attending the Olympics in Norway.

Leaves for Texas

It was a blue day last week for Mrs. Gloria Vargas and her son, Skippy, when Lt. Vernon Vargas said "good-bye" to them and left for an air base in Texas.

But this week things looked brighter for her—much brighter. Her husband wired her from Texas that he had already found a house for them, and to start packing. So now she is on her way—to join her husband much sooner than she had expected.

Lt. Vargas is the son of Manuel Vargas, operator of the Junction Inn of Warm Springs, and of Mrs. Angie Vargas.

Teacher in Service

Milton De Borja, son of Dr. and Mrs. F. J. DeBorja of Centerville, will leave Monday for the Army. He has been doing substitute teaching in township schools.

MISS BARBARA JANE SIMPLER, whose engagement to Lt. (j.g.) Roland Bendel was recently announced.

CAPT. AND MRS. LEROY SIMPLER ANNOUNCE DAUGHTER'S ENGAGEMENT TO LT. BENDEL

Miss Barbara Jane Simpler has passed the traditional box of candy to her classmates at Scripps College at Claremont, California, announcing her engagement to Lt. (j.g.) Roland Muir Bendel of the United States Navy. Formal announcement of the betrothal is being made this week by her parents, Capt. and Mrs. Leroy C. Simpler, at the U. S. Naval Air Station at Whiting Field, near Pensacola, Florida. Plans of the young couple call for a summer wedding in Coronado, with a honeymoon in Acapulco, Mexico.

Miss Simpler was graduated from the Sidwell Friends School in Washington, D. C., before entering Scripps College. She is a member of the Tau Omicron Phi service sorority.

Lt. Bendel, son of Mr. and Mrs. Roland Bendel of Niles, graduated

from the U. S. Naval Academy in June, 1947. He is a graduate of Washington Union High School, class of '41, and attended U. C. for one year as a V12 student. He received his naval aviation wings at Pensacola in 1950, and is the holder of the Distinguished Flying Cross. At present he is attached to a fighting squadron aboard the U.S.S. Philippine Sea in Pacific waters.

The date and attendants of the wedding will be announced later.

In Auburn

Mr. and Mrs. Joe Shepherd of Centerville spent last week-end visiting friends in Auburn, Mr. and Mrs. William Clark. Although there wasn't any snow right in Auburn, the two couples motored up into the mountains and enjoyed the winter landscape.

Bernardos Honored By V.F.W. Auxiliary

Mr. and Mrs. M. J. Bernardo, whose sons bear the name of the new V.F.W. Post in Irvington, the Joseph and Stanley Bernardo Post, were special guests when the Auxiliary of the Ashland Memorial Post was instituted last Friday night.

There were several other localites—members of the Bernardo Post and of the Auxiliary—also present at the affair, including Mr. and Mrs. Walter Roethlin, commander and president-elect of the Post and of the Auxiliary.

Institution and installation of officers for the new Bernardo Auxiliary will take place in Irvington this Saturday, February 16.

A Friend Indeed

There's an old saying to the effect that a friend in need is a friend indeed. This applies this week to Mrs. Eugene Ramsell of Centerville, who came to the rescue of her friend, Mrs. William Miller who lives in the Alameda Apartments in Centerville, when Mrs. Miller suffered a relapse after the birth of her baby. Mrs. Ramsell has been taking care of them at her home.

The baby, a month old, is Ronald Cedric Miller, and is the Millers' first child (not to be confused with the Carl Millers of Centerville who also recently had their first child).

The Millers, who have been living in Centerville for only a few months, formerly lived in Alaska. Mr. Miller was on the Alaska Railroad for five years.

Mrs. Miller is recovering rapidly and will soon be back on her feet again. She and Mrs. Ramsell have been long-time friends. It was Mrs. Ramsell who persuaded them to come to Centerville, a move which they consider most fortunate. Mr. Miller is now employed at Food Machinery in San Jose.

At Closing Services

Among friends of the late Manuel Soito who attended the closing burial services in Merced Monday were Mrs. Joaquin Devalle, Mr. and Mrs. Tony Lewis, Mr. and Mrs. Tony Garcia and Mrs. Bel Silva.

Four of the members of the cast of "Our Miss Brooks," hilarious comedy staged by the members of the Senior class at Washington High. The second performance will be given again tonight (Friday). Left to right are Audrey Turnbow, Vernon Bradley, Pat Collins and Dorothy Roney. —Ken Foster Photo

'OUR MISS BROOKS' REPEATS TONIGHT

Plenty of laughs from an enthusiastic audience spelled success for members of the Senior Class at Washington High when they presented their performance last night of the hilarious play, "Our Miss Brooks."

The three-act comedy will be staged again tonight (Friday) so that those who missed it last night can still have the opportunity of seeing it.

Emily Jane Scott had the leading role as Miss Brooks, the slightly daffy English teacher. Other leads are played by Nancy Lloyd, Pat Collins, Marty Scamman, Bob Lewis and Vernon Bradley.

The roles of Miss Finch and Miss Audubon, two school teachers, are taken by Vondel Mings and Audrey Turnbow, and Dorothy Roney plays Mrs. Allen, the president of the school board. There are several others in the cast who contributed to a good performance.

The play is under the direction of Mr. J. Roberts. Miss Audrey Carmody is supervising the costumes and Miss Dorothy Czerny has charge of the settings and decorations.

The curtain goes up again tonight at 8 o'clock, with general admission 60 cents and students 25 cents.

FASHION SHOW, TEA PLANNED BY B.P.W.

Plans for a spring fashion show and tea will be discussed at the next meeting of the Business and Professional Women's Club, to be held at the P. G. & E. club house in Newark on February 11, starting at 7:30 p.m.

The date for the fashion show—which has proved so popular in the past—has been set for March 29. Those who wish to attend are asked to keep the date in mind. Hostesses for next Monday's meeting will be May Miller, Olive Howard and Helyn Dutra.

PUBLIC INVITED TO VALENTINE'S PARTY

Valentine's Day is party day. If you haven't already made arrangements to attend a party on that day, better plan to attend the dessert card party being planned by the Ladies Guild of the Niles Congregational Church. The party starts at 1 o'clock. Tickets include refreshments.

Mrs. C. N. Myrick, general chairman, states that on each card table there will be "surprises." Reservations can be made with Mrs. Myrick or Mrs. Edna Overacker. The public is invited. Ford-Pilgrim hall is the place.

HORSEMEN PLAN TRAIL RIDES SOON

With the hills becoming increasingly greener and more lush, and spring flowers already starting to bloom, equestrians in the township are feeling the call of the great open spaces.

With this in mind, members of the Southern Alameda County Horsemen's Association are holding a meeting next Friday, Feb. 15, for the purpose of discussing plans for a spring trail ride.

Anyone in the township wishing to join the association is welcome, according to Lloyd Cambra, president. The meeting on Feb. 15 will be held at the home of Joe Valenzuela, at the rear of Loma Linda, in Decoto. Or, for further information, either Cambra or Anthony Silva, Niles, vice-president, may be contacted.

BENEFIT WHIST TONIGHT WILL AID NEW CHURCH

Decoto residents—as well as residents of other towns in the township—are being urged not to forget the big benefit whist being held tonight by the Holy Rosary Guild.

The Decoto Elementary School is the place. The time has been set for 8 o'clock. The public is invited.

Those in charge assure the guests who attend that there will be many fine prizes.

The proceeds will be used for the new church building.

A CODE OF LIVING

In these days when the evidence points to a widespread weakening of the American moral fibre, with major crimes climbing faster even than the increase in population, it is encouraging to note that a great moral force in America is growing even stronger.

The Boy Scouts of America celebrates its 42nd birthday during Boy Scout Week, February 6 through 12. It is an occasion when we can pause and consider its mark on the youth of the nation. Since 1910, more than nineteen million American boys and men have been influenced by this Scout Oath:

"On my honor I will do my best—To do my duty to God and my country, and to obey the Scout Law.

To help other people at all times. To keep myself physically strong, mentally awake, and morally straight."

For its young men members, known as Explorers, the Boy Scouts of America has this dedication pledge, which could well be adopted by all Americans:

"I will live the Scout Oath and Law. I will be familiar with the Declaration of Independence, the Constitution, and the Bill of Rights of the United States of America. I will respect and obey the law in order to have security and freedom."

"I will share the responsibility of my home, school, church, neighborhood, and community; and when legally of age, I will register and vote in all elections. I will deal fairly with my fellow citizens of whatever race or creed, in the spirit of the Scout Law and America's tradition of equality of opportunity.

"I will work to preserve our American heritage of liberty and responsibility. I acknowledge that the privileges we enjoy were won by the hard work, and sacrifices, faith and clear thinking of our forefathers. I will do all in my power to pass on a better America to the next generation."

Today over 2,900,000 boys and men are actively enrolled in over 80,000 different units. Scouting is indeed a great

VALENTINE'S DAY

In a world where sentiment is much overshadowed by cynicism it is well that we preserve such frivolous occasions as Valentine's Day. As a kid, there were few greater thrills in life than that of giving your best girl a valentine—unless it was the hoped-for reaction when you watched her open it.

As an adult, you may feel that Valentine's Day has lost its meaning. But if you remember the little woman with a simple gift for the occasion, you'll find that thoughtfulness and affection always have meaning. And that's the spirit of Valentine's Day.

'CALAMITOUS DECLINE'

In his annual survey of registrations in the nation's colleges Dr. Raymond Walters, president of the University of Cincinnati, deplors the "calamitous decline" in the number of young people preparing for teacher training.

Commenting on this the Oregon Journal wonders why the trend away from the teaching profession continues in view of improved salaries, the short week and the long summer vacation period.

"One wonders," says the Journal, "whether the matter of classroom discipline has not become an increasing factor. Parents who are unable to control their offspring wish them off on the teachers and seem content to leave their discipline to the schools."

Maybe the need is for greater parent training.

It's all to woo the audience... the constant search for the right, delightful entertainment to keep fans glued to their seats set-side and buying the sponsor's products. By GRACE CAMINADA

Approximately 50 members, officers and guests were present at the annual dinner of the St. Jude Y. L. I., No. 163 of Irvington on Saturday evening at the Hawaiian Gardens in San Jose.

The honored guest was District Deputy Vian Medeiros of Livermore. Mary Angeli of San Leandro, Institute deputy, was invited but was unable to attend. Chairman of the evening was Antoinette Pimentel. On Tuesday evening, February 5, a group of women attended the official visit of the Second Grand Vice-President in Hayward, hosted by the All Saints Institute.

SYMPATHY
Deepest sympathy to Jaek and Mae Soito on the loss of their father who passed away last Thursday just one week ago.

ENVY OF ALL
Jimmie Gonzales was the envy of his four companions last weekend when he was the only one to return home with a catch from their fishing trip. Jimmie was fortunate to get a 40-pound bass caught at Antioch.

SUNDAY GUESTS
Mr. White and daughter, Alice, and Mr. and Mrs. Sam Souza, all of Oakland, were visitors of Mr. and Mrs. J. J. Cordeiro last Sunday afternoon.

SPEEDY RECOVERIES
Speedy recoveries to Mrs. Cecilia Garcia of Tenth Street who is in the Alameda Hospital recovering from a major operation, and to Jimmie Costa who has been stricken with polio. Glad to hear from his mother that his attack wasn't too serious, and that he is not crippled.

WHAT'S THIS?
What's this I hear about a certain person (male that is) who had a toni recently? He has now claimed the title of "Gorgeous George." It certainly looks nice. I wonder how many more fellows will get the same idea?

SON BORN
Mr. and Mrs. Michael Armando Calles of 581 Mulberry Street, Newark, became the parents of a son, Alan, born February 2 at the Decoto Medical Building at 12:12 a.m. He tipped the scales at seven pounds.

RECOVERING
Betty Margarido is recovering nicely from her recent major operation and influenza. Her girl scout troop No. 3 has temporarily discontinued holding classes on the scheduled day. Glad you're feeling better, Betty.

ELECTION POSTPONED
With only eight men attending the Men's Catholic Group the second Thursday of every month, it has been decided that a name for the organization and election of officers will be postponed until there are approximately 20 present, according to Father Ralph Duggan. Men of the Lady of Our Holy Rosary Church are invited to attend these meetings and become members. Anyone interested may see Father Duggan for further information.

GUILD MEETING
A Valentine motif will be the theme for next Tuesday evening when the Lady of Our Holy Rosary Guild holds its regular meeting at the church. President Mary Cordova will conduct the meeting and refreshments will be served by a Cub Scout group. The

by Edith Bettencourt, hospitality chairman, and her committee.

THIRD CHILD
Born at the Decoto Medical Building on February 4 was Thomas Nunez, son of Mr. and Mrs. Marion Nunez of 809 Eleventh Street. He tipped the scales at 7 pounds and 8 ounces. This is their third child.

COULD BE AVOIDED?
I wonder if a traffic light had been installed at the Niles-Decoto Road the accident of Patricia O'Malia with many more could have been avoided?

Can you see pedestrians trying to cross that busy highway in order that they may catch a bus? Does that crossing mean anything? I see many motorists who don't even know that a pedestrian crossing is there and many who see it and don't care. Going at a reasonable speed it is hard to suddenly see the right of way until you are upon it. A traffic light needs no further warning that there is a stop and a crossing for people to cross safely to the other side.

Do we need repetition of last Saturday night? The driver nor the walker can be at fault when something can be done about it. How about endorsing this problem with the help from our local chamber of commerce and other organizations here? I know many are for this 100 per cent. Action speaks louder than words. Remember that.

BIRTHDAY PARTY
Mr. and Mrs. Joe Carey and Elsie Brown were among the guests at the birthday party of Al Peixoto of Newark, given by his wife, Carrie, at their home on Saturday evening.

On Sunday Mr. and Mrs. Bennie Diaz and son, Bobbie, visited the Careys.

DOWN WITH FLU
More persons, including myself and family, have been recently down with either stomach flu or some other kind of winter ailment that it would be an endless chore to list them all and wish them a speedy recovery. But all those who have been on the sick list here's hoping you all will be up and around very soon and completely well.

CHAMBER OF COMMERCE
George Oakse Jr., city attorney of Hayward, was the guest speaker at the Decoto Chamber of Commerce meeting Tuesday evening when they met at the Decoto Elementary School. Vice-President Rinaldo Caminada conducted the meeting. Mr. Oakse spoke of his experiences when in office in the district attorney's office with cases of different natures. He served as deputy district attorney in Hayward, San Leandro, Pleasanton, Livermore, Centerville and Niles. He also expressed his gratitude of being elected to the office of city attorney. Secretary Bernie Joseph was instructed to write a letter to County Surveyor Wallace Boggs in regard to a signal on the Niles-Decoto Road. The chamber in view of the many accidents at this intersection is requesting Mr. Boggs for immediate action in regard to installing a signal.

The members voted that the present dues were to stand as they are. An individual membership drive for 30 days commencing as of this meeting would bring to any member bringing in the most new members an award of \$10 to be decided by the Board of directors.

Andy Anderson, Southern Alameda Scout Executive, discussed with the members about sponsoring a Cub Scout group. The committee working with the Decoto Boy Scouts has been assigned to work on a program with Mr. Anderson.

Refreshments followed.

IRVINGTON SETS UP DEFENSE BODY

The board of directors of civilian defense in the Irvington School District held a meeting Monday night. At that time they reviewed their schedules and changes were made in their personnel where necessary in preparation for the block warden and public information classes to be held in Irvington starting March 4, according to Gus Robertson, civil defense director of Irvington. The following is the new setup:

Irvington has three assistant directors: Wallace Pond, N. K. Turnbow and William Maloney, each being responsible for two of the six divisions of the civil defense as follows:

Wallace Pond is assistant director of medical and communications, with Dr. E. M. Grimmer in charge of medical and Dr. R. B. Fisher, emergency; Mrs. Kelly, nursing; Mrs. Stella Benbow, first aid enrollment. In charge of communications is Gene Pohl; radio, Chris Jorgensen; telephone, Mrs. Blake; messenger service, Charles Brewer.

HUSKIES BREAK SANTA CLARA JINX AFTER FOUR YEARS

By BOB HIRD

The Washington Huskies, after four long years, finally had their revenge as they defeated the Santa Clara Panthers 55-50 last Friday on the Panther home court. The Washington B's, however, suffered defeat at the hands of the Panther Babes, 54-40.

The Panthers had defeated the Huskies for the past four years, so it was a great victory for Clyde Voorhees' quintet.

The Huskies were behind 25-23 at the half and 41-39 at the end of the third quarter. With about 4 minutes remaining in the final period, the Huskies were trailing by 6 points, when Tony Nieves, Husky forward, tied the score as he got 3 quick buckets.

Then buckets by Lloyd Davis and Jim Bolivia put the Huskies in the lead, which they never relinquished.

The Huskies were hurt early in the second period when Jess Mar-

tinez, guard, left on fouls. Martinez, only 5 feet 8 inches, is one of the best rebounders on the club.

Lloyd "Chubby" Davis was really the big gun for the Huskies, though, as he poured in 26 digits. He scored 17 points in the second half to really spark the Husky attack. He also had a perfect night at the free throw line, making 8 out of 8. Nick Barilich hit 21 to lead the Panthers.

Coach Voorhees' quintet had vowed to win this game and break the jinx, and really made him feel proud.

The Huskies now have 2 wins and 1 loss in league play which places them in a tie for first place. The Washington Puppies suffer-

TOWNSHIP BOWLERS DROP THREE GAMES

Although their team lost to the Your Host Club of San Jose, two Washington Township Sportsmen's Club bowlers rated honors for effort in San Jose City League play Monday night.

Vi Littlefield rolled a 494 series with a single game of 223 that tied for high of the season. Billie Calcagno, playing her first year of league competition, splattered the maples for a 462 series.

In their three games to one victory, Your Host Club included an 825 team game, high for the season.

ed their second defeat as the Panther Babes outscored them 54-40. The Puppies were behind 27-18 at the half but fought back in the third period gamely but were not able to catch the red hot Panther Babes. Both teams had a very good percentage in field goal shooting and that accounts for the unusual high score for a B game.

Raul Orozco won scoring honors for the Puppies as he scored 14 points. James Andrade, Puppy center, was right behind him with 10. Jim Oliver hit 20 for the Panther Babes to grab scoring honors.

HUSKIES TAKE BEATING IN PRACTICE GAME

In a reserve dominated practice game the Willow Glen Rams defeated the Huskies 38-34 on Feb. 4, in the Rams' gym. The game was more or less a good practice for both the Rams and Huskies reserves.

The Ram B's also won the B game, 32 to 29.

Larry Stewart was high for the Huskies with 6 digits. Raul Orozco led the B's with 12.

Today (Friday) the Washington teams will play host to the James Lick Comets in a league contest. The Comets have a 1-win 2 loss record in league play, but are supposed to be a very strong ball club. The first game is slated for 7:30 p.m.
